## EARTHQUAKE.

The particulars of the earthquake in Syria are now coming to hand. A letter from Antioch of the 4th of April says the American protestant church was severely injured and four of the American community killed. All the members of the families of missionaries are safe. The number of persons killed in the city of Antioch was less than three hundred, but it is known there were sixteen hundred killed in the surrounding towns and country. This number may even be increased. Correspondents of the London papers praise the Rev. Mr. Powers, an American missionary, for his assiduity in administering to the relief of afflicted lows: people.

He belonged to and acted with the democratic party up to 1857, when he joined the republican party, having supported Buchanan in the campaign of the previous year. At the outbreak of the rebellion, he raised a Union regiment in Missouri, and entered the field as its colonel, subsequently commanding a brigade. He took a prominent part in securing the abolition of slavery in Missourt in 1864; and was United States senator from 1863 to 1867. Upon retiring from the senate, he "dropped out" of politics, and remained in private life until 1871, when he was brought up for governor, and elected on the amnesty platform. To him, more than any other one man, perhaps, belongs the credit (or discredit) of originating the so-called "liberal" movement; and his nomination by the convention at Cincinnati is a fit and proper recognition of his services in that behalf.

## Correspondence of the EAGLE. A WORD FROM TOPEKA.

Col. MURDOCK: Knowing that you had located your valuable self and paper at the city famous in Topeka as the center of rapid improvement, a good country, thrifty people, land-grabbers and wild men, I thought I would turn on my ink and jot you a few items from our retreat, the city of Solons and the particular point of senatorial, judicial, public, private and miscellaneous investigations. No doubt you are perfectly conversant with a great many phases of Topeka life from experience, but at the same time even from the mouth of babes, etc, fools and others may come a stray light of truth.

The U.S. district court is still in session and a large amount of business is being and has been transacted. U. S. Attorney Horton has been shoving justice to those unfortunate individuals who had not moral courage enough or too much love of the filthy lucre to resist temptation, or to reccollect that the way of the transgressor is hard. The grand jury is still in session and have a large amount of business before them, and the influx of strangers who come as witnesses has been strong. We have had a very busy term and much hard work has been done in the way of furnishing homes for mule thieves, postoffice robbers, fraudulent

homesteaders, etc. The Liberals have "gone up" to Cincinnati and will probably have attempted something before this reaches the ves of your readers.
